THE PRESIDENTS VIEW

by Frank C. Maimone

This is the first article from the President. I would like to address what you can expect. This forum is to allow me to provide my view on things that have or will happen. I will try to make it light, but informative. I have held this office for six months, and I think I have maintained the "rudder of progress" passed to me from Biff. Although we still have a long way to go, we have progressed in our quest to raise money, and attain legislative recognition. We have Rudy and Tom well on their way to making in-roads with our State politicians. We need to continue to improve our advertising campaign improvements, and we need to strengthen our member participation.

Rudy has started a "Sunday Fun Run", which has some growing pains, but I truly think is on the right path. We now have members coordinating trailer use (Bob Lill), and the supply inventory (Janet). That should help reduce any unnecessary expenses. The events should start smoothing out with Biff coordinating the process. We have new members, new advertisers and new NJMA supporters. There are a number of other areas that I could mention, but I'll keep this short. As you can see, we are moving forward, but we still have a long way to go.

WE NEED EVERYONES HELP! EVERY LITTLE BIT COUNTS!

NJMA Speaks Out Issue 1-1

by Tom Gordon and Rudy Avizius

This is the first column of NJMA Speaks Out and will be a regular one here at East Penn Biker and the NJMA Newsletter. In this column we will present you with information on: motorcycle legislation, topics of interest to bikers, editorials, and other information related to motorcycle rights. The column will be written by Rudy Avizius and Tom Gordon, both long time bikers and active members of the New Jersey Motorcyclists Alliance. Rudy Avizius has been a biker since 1968 and Tom Gordon started riding in 1965.

You may now be asking yourself, "What is NJMA?" The New Jersey Motorcyclists' Alliance (NJMA) was formed as a means for motorcyclists in New Jersey to speak with a UNITED voice on issues concerning the motorcyclists' community. At the time of its formation ABATE was disbanding which left New Jersey with no groups, individuals, or organizations providing representation in Trenton for the over 200,000 motorcyclists in this state. The collective interests of the motorcyclists' community needed to be heard and Legislators need to respond to OUR needs, to protect OUR hobbies and OUR lifestyles.

NJMA acts as an umbrella organization of many affiliates and supporting riding clubs. Each of these affiliated motorcyclists' rights organizations and supporting clubs are completely independent, but being associated with NJMA provides them with political clout and the means to work together!

Our organization worked closely and supported ABATE of PA during their helmet law battle, and look forward to ABATE of PA support when a New Jersey bill comes up. NJMA has also supported Virginia, West Virginia, Maryland, Tennessee, Missouri, and now Michigan in its current fight to modify the helmet law.

In this column we will be asking you to become involved in the fight to protect your rights. There is pending legislation on the federal and state levels that threatens freedoms that you now take for granted. We will inform you of these threats and provide you with the information you need to fight them effectively.

COLLECTIVELY WE REALLY CAN MAKE A DIFFERENCE! We recently sent out a questionnaire/survey to all New Jersey legislators. Several have replied and have expressed a willingness to work with us on making addressing issues that are important to motorcyclists in our state. They have said yes to a Freedom of Choice for Adult Riders. WE CAN ONLY MAKE THIS HAPPEN WITH YOUR SUPPORT. With the hundreds of thousands of registered motorcycles in New Jersey and Pennsylvania, we have tremendous collective economic clout that the politicians cannot ignore. Consider these facts:

- Bikers contribute more to the economy of Daytona Beach than NASCAR.
- Daytona Beach takes in **\$650 million in one week** during bike week.
- Myrtle Beach has significantly increased attendance and takes in **\$350 million in 1 week** during their Myrtle Beach Bike Week.
- Johnstown, Pennsylvania's Thunder in the Valley had their attendance jump from **70,000 to over 100,000** the year after mandatory helmets were eliminated.
- Sturgis, South Dakota attendance had grown to **850,000 bikers** last year during the Sturgis Rally.
- Laconia, New Hampshire had a record year last year and over **400,000 bikers** attended last year's Laconia Motorcycle Week.

These biker rallies are not insignificant sources of income for these communities. Every dollar that is spent locally creates an additional \$3 of economic ripple effect. These figures do not take into account the hundreds of thousands of motorcyclists who will visit these states for day trips, weekend stays, and longer vacations.

The one thing all of these states have in common is that they are states that allow motorcyclists freedom of choice when it comes to wearing a helmet.

We invite you to visit the NJMA website <http://www.njma.info> for more details and information on issues related to motorcycle rights and look for this column in future issues of East Penn Biker Magazine.
